## On-Line Team Management Guide

Pound the Pavement for Peter 5K is using a new and improved system this year to help Sponsors/Team Captains manage their teams better. This Guide is meant to help show you how to use the new system and hopefully answer questions that may arise.

### Creating Your Team

Go to <https://runsignup.com/CorporateTeams/PublicList/16254>. This is the site where you will be able to create and manage your sponsorship team (you will see referenced as **corporate team** on the website), as well as where your employees will go to register.

#### 1. Click on the Create a New Team button.

## 2. Setup Basic Team Options

- **Team Name** – make this something easy to understand and remember so employees will be able to recognize it among the many teams listed.
- **Team Type** – Select your sponsorship level.
  - DIAMOND Sponsor** - \$7,500.00 (20)
  - PLATINUM Sponsor** - \$5,000.00 (20)
  - GOLD Sponsor** - \$2,000.00 (15)
  - SILVER Sponsor** - \$1,000.00 (10)
  - BRONZE Sponsor** - \$500.00 (5)Each comes with a set number of (free) entries
- **Event Costs %** - Enter the % of the costs you are willing to pay for employees above the free entries. 100% means you will pay the entire cost. 0% means after free entries are used, anyone joining your team pays for themselves.
- **Event Code** – Enter a code that you will be able to share with employees so others do not sign up under your team and you pay. You will be able to look this up or change it later.
- **Stop Paying Date** – This date will be your cut-off for paying for entrants. The final date of race registration is March 24, 2017.
- **Maximum Number Covered** – this is the total number of registrations (employees, family and friends combined).
- **Family/Friends Setting** – you can enable an employee to also add others to their registration. Check the box to turn this on. If not checked, only employees would be able to join your team and receive your cost offset. If checked, you can specify a limit to the number of additional members that your organization will pay for. You can also specify the rules – we have default text that can be replaced with anything you want.

Enter a Code that Members Must Enter to Join the Team

E.g. Enter 0% - 0% if the member will pay the full amount or 100% - \$0 if the team will pay for the member.  
If a member registers for multiple events in a single registration, the fixed dollar amount will be applied for each event.

### Cost Coverage Options

If you entered zero in the percent of costs that the team will cover, these settings have no meaning. If you will pay for team members, these settings allow you to limit when and how many registrants you will cover.

When Will You Stop Paying for Team Members?

Format: mm/dd/yyyy  
Ends at 11:59pm on this date.

Maximum Number of Members Covered

### Family and/or Friend Settings

Yes, family members and/or friends can join this team.

Once you have finished the questions click Continue to proceed. The next screen will show the initial Corporate Team Payment. Click on Create Team and your team will be created. You will have the option to go to the Team Page where you will be able to administer and update your team.

## Edit Teams

You will be able to edit the options you set when you first created your team, like the password or how many employees and family members you want to help pay for.

In addition, you can decide whether you want to let people register on the public team page, and whether you want to create your own URL so that you can send employees directly to register.

Finally, you can enable non-employees to register independently from employees. In the standard mode, employees and their families must register together.

## Custom Questions

You can ask any type of question to the members of your team when they register. You will be able to report and download all the responses, which can help you organize your team.

As you can see on the right, you can enter responses that members can choose from.

You can select the way the responses are given – in this case we have chosen checkbox, which allows people to select multiple responses. You can let people type in free form, only choose one thing with the Radio button, select one item from a menu, or simply do a Yes/No type of question.

**Advanced Options**

**Hide from Public Teams List**  
 Yes, hide this team from the public team list.

## View Members

This will allow you view and remove members of your team.

If you notice someone on your team has incorrect information, only they can change it for security and privacy purposes. They can simply log back in where they registered and modify their Profile to update information.

Removing a member will remove them from the race, and fees they may have paid will not be refunded.

## Captains

You can add and remove Captains very easily.

Note that the new Captains must have a registered account in the online system. They can do this simply by joining the team, or can go to [www.RunSignUp.com](http://www.RunSignUp.com) and click on Sign Up to create an account.
