

# Runners Fit Race Works

[www.RunnersFit.com](http://www.RunnersFit.com)

Runners Fit Race Works is a full-service race event timing and production company serving all of North Georgia and the Atlanta area. We are ready to handle any and all parts of your run/walk in nearly any distances, including 5K, 8K, 10K, Half-Marathon, or any custom distance. Our services include everything from initial event planning through event day completion. Every organization, community, and event is unique in its strengths, resources, and needs. Therefore, Runners Fit Race Works will work with you to create a service package that best suits your organization and event's specific needs. When you choose us for your timing services we go right to work doing everything we can to make sure you have a safe and successful event.

## **PRE-EVENT PLANNING & SUPPORT**

Event planning success guide available upon request. Additional pre-event telephone and or e-mail consultations as desired.

## **COURSE PLANNING, COURSE WORK, & EVENT SUPPORT**

**Course Design** - Course creation, design, and measurement

**Course Marking** - Mark the event course, including start line, mile marks, all turns, and finish line.

**Event Promotion** - Posting on all major running websites (runningintheusa.com, active.com, rungeorgia.com), Facebook, E-Mail broadcast, & flyer distribution at other races.

**Permit Acquisition & Police/Public Safety Coordination** - Assistance in acquiring proper permit and police coordination.

**Online Registration** - Establish online event registration, manage all registration data transfers and payment management through active.com.

**Database Management** - Enter all participant data into event timing database software from lists downloaded from online registration and/or lists and entry forms provided by the Race Director. This includes pre-event registrations and all race/event day registration data entry.

## **EVENT DAY: MATERIALS & MANAGEMENT SUPPORT**

### **Basic Materials:**

- Bib numbers and safety pins for all participants (We can supply).
- Mile marker signs
- Starting horn
- Complete finish line unit (Basic or Advanced) with finish chute.

**Basic:** 6-Digit Digital Clock on tripod with finish chute

**Advanced:** Two 12' scaffolding towers with vertical "FINISH" signage. 6-Digit Digital Clock mounted on top.

**Note:** Finish line scaffolding and connecting horizontal banner bar are available for Race Director to offer to sponsors.

### **Event Timing and Results**

- Timing and recording of all finishers using digital timing software
- Immediate Results are our goal for quickly determining awards as well as guaranteeing results posting within one hour of race.
- Official results will be posted to all major running websites within one hour of race (coolrunning.com, runningintheusa.com, active.com)

### **Other Services & Materials Available**

- P.A. Systems for use with event music, announcements, and awards
- Music - Wide array of popular, well-known, non-offensive music
- Photography - We suggest *Brandon Zauche Photography*
